12	CAB1015	1. strip DIY connector 2. 4pin single head ,the cable is 15cm,10mm width suitable for 30-60leds/m waterproof IP65 strip 3. MOQ:100pcs 4. 100pcs/bag	

1. for waterproof IP65 strip
2. suitable current max. 4A

1. for strip connector for non-waterproof G1 series, this suitable Max 4A current
here only one need you notice that we have suitable connector for 120leds/m strip for 8mm width strip

and connector suitable for RGBWW 12mm width, see below picture

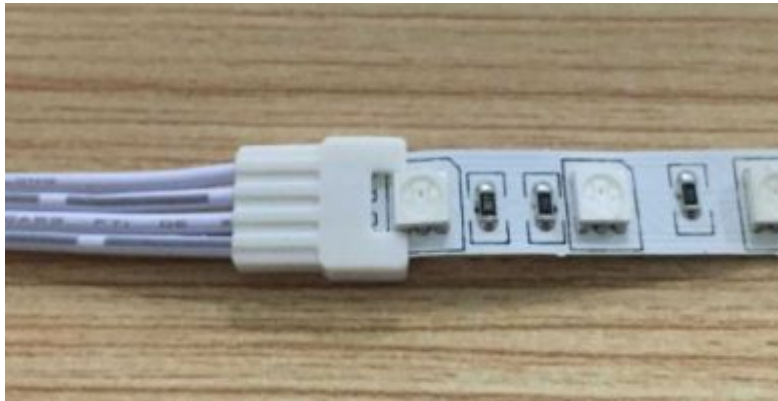

and new clip for non-waterproof strip

2. for strip connector , suitable non-waterproof strip , including below feature

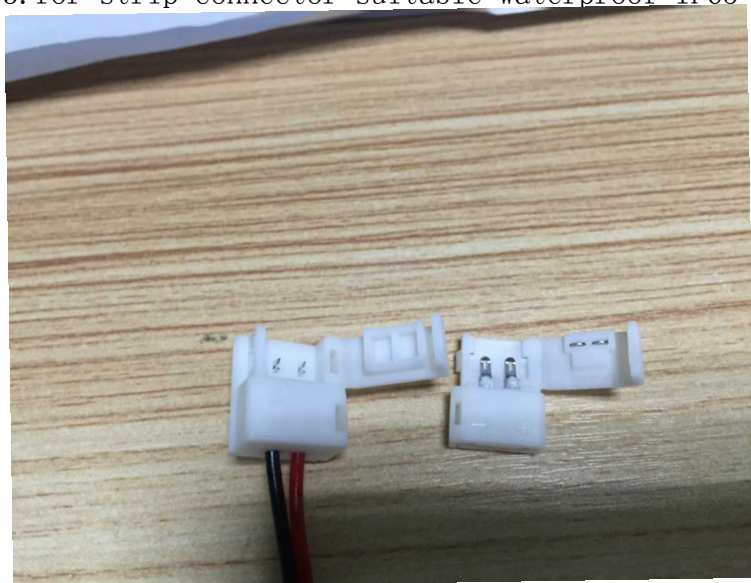

- 1) max current is 6A , more safe
- 2) more small and good looking
- 3) suitable the led more than 60leds/m such as 120leds/m etc.
- 4) can easy put inside Aluminum profile

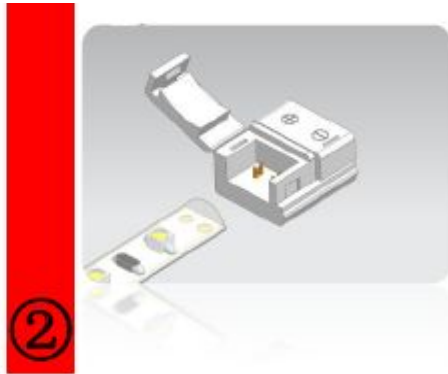

this become popular that some big company use it such as Osram

3. for strip connector suitable waterproof IP65 (PU or silicone surface coating waterproof)

4. here last is cable connector which you didn't show interesting, as it is become popular here i try to introduce to you again. feature including ,free peeling rubber ,DIY use directly without,i attached intrudction for you reference
